

BUUF Book Club 2020 Annual Report

Book Club Members: Informal, participation varies from month to month with some members more regularly attending than others, generally around 6 to 8 at each meeting. Attendance records are not kept and no commitments are necessary.

2-3 top accomplishments over the past church year (June 2019-Current):

- The book club met almost monthly until the pandemic required social distance in March.
- Friday evenings at 7pm has remained the consistent time and day and while we generally strive for every 4 weeks, we sometimes stretch to 5 or 6 weeks between meetings depending on other schedule conflicts in member's lives. While we generally utilize a set of published questions for discussion, free floating casual conversation and socialization is also a good share of every meeting.

Goal for the coming year: Resume regular meetings as soon as safe and prudent, possibly attempt virtual alternative meetings if there is general interest in doing so.

Any budgetary needs to accomplish your goals: None, each member is responsible for procuring their own copy through borrowing, sharing, or buying. Members takes turns with hosting and contributing refreshments.
