

6/4/2022

Annual Meeting Report from the Stewardship Committee.

Dear Members,

Our hope was to increase pledging by 10% from \$46,468 to \$51,114

Our current pledge status is \$36712 from 32 pledges, we take 90% of this as our pledge income for the coming year to account for typical shortfall we have seen from year to year.

We have 15 households who pledged in 2021 that have not pledged this year, If they all pledged at the same rate as 2021 this would add \$13810 to our income for next year.

Respectfully,
Dick Berndt
Co-Chairman, Stewardship Committee
